SUMMARY

Computer Science undergraduate currently working as a Technical Intern at CDAC Mohali, with hands-on experience in AI/ML and cybersecurity. Completed a Microsoft Azure Internship (AICTE–Microsoft Elevate Program) with practical exposure to Azure services, Resource Groups, Storage Accounts, Cosmos DB, and AI Services. Strong foundation in Linux, SDLC, and core CS subjects, with a keen interest in solving real-world problems through technology.

SKILLS

Programming Languages: Python, C, C++
Cloud & BI: Linux, Microsoft Azure, Resource Groups, Azure Storage Account, Azure Cosmos DB, Azure AI Services, Power BI
Azure Services & Tools: Azure Cognitive Services, Azure Machine Learning, Static Web Apps
Development: JavaScript, React.js, HTML, CSS, Mern stack
Database: SQL, DBMS, Azure Cosmos DB
AI & Machine Learning: Supervised and Unsupervised Learning, CNN, Computer Vision
Core Subjects: DSA, OS, SDLC, Cloud Computing, OOP's, Computer Networks, DBMS

PROFESSIONAL EXPERIENCE

Technical Intern – Cybersecurity & AI/ML **Feb 2026 - Present**
CDAC Mohali (Centre for Development of Advanced Computing), Punjab, India

- Working on **cybersecurity and AI/ML-based projects** focused on secure system design and intelligent threat analysis
- Assisting in the development and testing of **machine learning models** for data analysis and pattern recognition
- Gaining hands-on exposure to **Linux environments**, system security concepts, and secure software development practices
- Collaborating with mentors and technical teams to analyze real-world problem statements and propose technical solutions
- Applying core computer science concepts including **SDLC, cloud fundamentals, and operating systems** in project workflows

Microsoft Azure Intern (AICTE – Microsoft Elevate Program) **Jan 2026**
Microsoft (Remote)

- Completed **Microsoft Azure Internship** under the **AICTE – Microsoft Elevate Program**
- Worked hands-on with **Azure Resource Groups, Storage Accounts, Azure Cosmos DB, Azure AI Services, and Machine Learning Workspace**
- Created and managed cloud resources using the **Azure Portal**
- Gained practical experience in **cloud administration, AI-based services, and resource management**
- Developed foundational understanding of **scalable cloud infrastructure and Azure service integration**

PROJECTS

Real-Time Sign Language Translator (Sign Lang AI) | Link

- Developed an **AI-based real-time sign language translation system** to bridge communication gaps for deaf and mute individuals
- Used **Convolutional Neural Networks (CNN)** for hand gesture recognition
- Implemented **live webcam-based gesture detection** with real-time text output
- Technologies: **Python, TensorFlow, OpenCV, NumPy,CNN,DL**

Class Vision-AI | Link

- Designed and deployed a **cloud-based AI classroom analytics platform** on Microsoft Azure.
- Achieved **real-time face recognition and attendance automation** using Deep Learning models.
- Processed live video streams for **engagement analysis and behavioral insights**.
- Developed a responsive **web dashboard using Streamlit** for monitoring and analytics.
- Successfully deployed a production-ready application with **Azure Cloud services and GitHub integration**.
- Technologies: **Python, OpenCV, Deep Learning, NumPy, Machine Learning, Streamlit, Azure, GitHub**

Browse Smart | Link

- Developed a **student-oriented desktop web browser** designed to support academic research and learning tasks
- Integrated **WolframAlpha search engine** to enable quick problem-solving and computational assistance
- Implemented **PDF ↔ Word document conversion functionality** to simplify academic document
- Designed an **intuitive graphical user interface (GUI)** using **PyQt5** with standard navigation controls (Back, Forward, Reload, Home)
- Technologies: **Python, PyQt5, QWebEngineView, WolframAlpha API**

EDUCATION

I.K.G. PTU Mohali – 1, Punjab, India (2022 – 2026)

Bachelor of Technology (B. Tech) in CSE **CGPA: 8.87/10**

Janta College, Surajgarha, Bihar (2020-2022) **Aggregate: 82.6%**

Qualified JEE Mains 2022 with 77 Percentile

CERTIFICATIONS

- Microsoft Azure Internship Certificate (**AICTE – Microsoft Elevate, Jan 2026**) | Link
- Course Completion Certificates: Power BI for Business Applications | Link
- Course Completion Certificates: Microsoft Azure | Link
- Course Completion Certificates: Artificial Intelligence & Machine Learning | Link
- Course Completion Certificates: Cloud Administration & Engineering | Link
- 2b Academy Cybersecurity Career Workshop | Link
- Solved 100+ DSA Questions on different coding platforms like Leet code, etc.
